MHE51376 – Orion Vessel, Large

Accessories

The inspiration for the Orion vessel came directly from the night skies. The reflective light of the stars and the varying darkness of the universe became the basis for our play of finish techniques and colors. The abstract shapes of these vessels showcases the unstructured nature of what lies out beyond our world. The Ombre effect is accented with a touch of gold in the top ring. Every element of these vessels say modern sophistication.
