MHE8583 – Nova Round Mirror

Industrial

The Nova mirror took its inspiration from small windows found on a whale watching boat in Nova Scotia. No whales were ever spotted, but the windows became a great inspiration for future designs. The simple and classic design could enhance the decor in every room. A round metal frame is modeled after a porthole window and finished with an acid washed copper. D-rings are affixed to the back of the frame so it is ready to hang right out of the box.
