

## Accessories

MHE95082 – Cadia  
Hammered Decorative  
Ceramic Ball

## Accessories

Finished in a deep rich antique gold, these ceramic pieces were created to resemble hammered hand forged metal. The unique texture of this cylindrical shape and flared small top makes these pieces as much of an art object as it is functional. Whether several are used to fill a bowl or a few as a grouping on a shelf, this beautifully finished collection creates a rich opulent styling all their own.
