

Harrison

MLH4014 – Glacier

Esquire

If you are looking for a subtle and sophisticated texture to compliment any interior, look no further than Harrison. Delicate fibers glow and shimmer when paired with a new spun glass emboss. Reminiscent of real fiber-faced products, but with none of the inherent problems, Harrison is a seamlessly installed, 20 oz., Type II vinyl. Twenty-one subdued metallic colors from alabaster to anthracite and espresso to chamois guarantee volume sales. To further the promotional benefits of Harrison, this product touts the proprietary Second-Look recycled technology.
